Statement of Qualifications — Darlene Greene
Altadena Town Council | Census Tract 4603.02

Serving Altadena these last two years has been deeply personal to me. As your neighbor and an Eaton Fire survivor, I understand how much our community has endured and how much work remains.

These next two years are crucial to Altadena's recovery. I am seeking reelection to continue representing Census Tract 4603.02, working alongside fellow officials and community partners, and serving through the committees I chair to help our neighbors recover and rebuild.

As Chair of the **Renters Protection & Recovery Committee**, I have worked to help seniors facing eviction, connect residents with legal and housing resources, and secure recovery support for displaced renters.

As Chair of the **Legislative Affairs Committee**, I have shared information about policies affecting Altadena and advocated in Sacramento alongside fire survivors and community organizations for legislation that strengthens survivor protections and supports recovery.

As **Treasurer**, I have helped grow the Council's treasury by **250%**, strengthening our resources to support the Council's work.

Behind this work are neighbors whose stability, homes, and futures matter to me. I want to continue listening, following through, and making sure our community's needs are heard.

I respectfully ask for your vote to reelect me to this seat so I can continue serving the community we call home.
