Statement of Qualifications
Antonio Becerra
Census Tract 4610

As I write this, the wind has picked up this week, and every Altadena resident knows what it reminded us of. The Eaton Fire took our homes, our schools, and our businesses. I was born and raised in Pasadena and have called Altadena home for more than 15 years, so I know what it is to watch a place you love change. What we have left is each other, and the right to decide what Altadena becomes. Our neighbors in the West corridor, including Census Tract 4610, are still rebuilding, and they deserve someone at the table who will make sure their needs are heard and acted on.

Recovery is also bringing new voices and new money into Altadena, and the fight over our future identity has begun. I believe the people who live, work, and raise families here must have the loudest voice in that decision. That is why I'm running again to represent Census Tract 4610 on the Altadena Town Council.

I'm not new to this work. I served on the Council for Census Tract 4610 from 2018 to 2020. I partnered with the library on our Community Voices series, brought neighbors together at our ice cream socials, and worked with the County and the Supervisor's office. Since then, I've stayed involved by attending community meetings and helping plan the Altadena Historical Society's Juneteenth 2026 event. This past summer, I also served on the AltaMed Community Advisory Board, where I helped guide Eaton Fire recovery resources to Altadena.

I bring real experience. I'm a community health leader with experience across health plan operations, community clinics, and nonprofit governance. I serve as Treasurer and Finance Committee Chair of a $60M Federally Qualified Health Center, overseeing budgets, quality, and strategy. I want to use that experience to make Altadena healthier, safer, and greener.

With your vote, I will listen to my neighbors, follow through on what we hear, and protect the history and identity that make Altadena home. Please vote for me for Census Tract 4610.
