I was elected to the Altadena Town Council in 2024, and as my term comes to an end, I am running for office again because I believe in the power of our community and want to continue advocating for the needs and aspirations of our residents. Together, we can build on our progress, tackle the challenges ahead, and create a brighter future for everyone.

"As a dedicated Registered Nurse and community partner, I am passionate about making a positive impact on Altadena. My qualifications and commitment to serving our community make me a strong candidate for the town council. 2. **Fulfilled Commitment to the Role:** I have met my obligations as a Town Council member, consistently attending town council and land use meetings, and engaging directly with residents in my census tract to hear and represent their concerns. My committee service includes:

- Education Committee – Member
- Election Committee (2025) – Co-Chair
- By-Laws Committee – Member
- Altadena Cultural Asset Mapping Advisory Committee – Member

3. **Crisis Response and Community Protection:** During the Eaton Fire, I worked directly with fellow community members to reach residents and urge timely evacuation, helping ensure the safety of those in our network. In the aftermath, Altadena Town Council has met with numerous lawmakers and organizations to advocate for our community's recovery needs. This experience reinforced my commitment to disaster preparedness and resident safety as a core priority for our town.
4. **Community Engagement and Advocacy:** I have actively participated in community events and initiatives, including advocacy for reparations at the State Capitol, collaborating with local organizations and residents to address critical issues such as education, unhoused services, and public safety. I understand the value of community partnerships and coalition-building at every level, from the neighborhood to the state.
5. **Commitment to Public Service:** Throughout my professional career and my current term on the Town Council, I have witnessed the positive impact that dedicated public servants can have on their communities. My commitment to public service remains unwavering, and I am eager to continue applying my skills and passion to the role of town council member."
